Dental Insurance Information

Is the patient's dental insurance through BCBS of Kansas? Yes No

Medical Insurance Cards

Please submit a copy of the patient's medical insurance cards. Please include the front and back of each card and all medical insurances that the patient has.

If this form is being filled out on a tablet at home or the dental office, please submit the picture below. If you are filling this paperwork packet out on a computer or other device, please take a picture of the front and back of each medical insurance card and text to sas444@icloud.com or you may email the cards to our office at office@sleepinsafety.com.

You may also receive a text message from sas444@icloud.com requesting a copy of your insurance cards, if they are not submitted with this paperwork packet. The information that is located on the back of your insurance card, is important to our billing department to be able to send claims efficiently and accurately.

SAS Patient Instruction Sheet-Pediatrics

Your child will be receiving IV medications during his/her operative dental procedure. It is therefore very important that you adhere to the following instructions. If there are any questions, please do not hesitate to call for further instructions: 316-788-5939. It is essential for your child's safety that you strictly adhere to the following policies. Failure to do so, will result in cancelled of the operative procedure and can put your child in danger of severe lung injury or death.

1. **No food for 8 hours prior to your arrival time:**
 - a. No solid food of any kind, milk, cheese, yogurt, ice cream, juice, or broth
 - b. No candy, gum, mints, or vitamins
 - c. No products containing protein or milk products, even if they appear clear
2. **Clear liquids are allowed up to 3 hours prior to your arrival time. Approved liquids are:**
 - a. Water, Sprite/7-up/Sierra Mist or Gatorade of any color or flavor
 - b. Plain Jello with NO added fruit, no vegetables, and no whipped cream
3. Do NOT brush the child's teeth on the morning of the appointment, the child may swallow water or toothpaste and this will result in cancellation.
4. Do NOT send your child to school, daycare, or babysitter on the day of the appointment. Children must be monitored by a parent or guardian at all times prior to appointment to verify adherence to above polices. Failure to do so, will result in cancellation of the appointment.
5. If your child has an inhaler or nebulizer, please bring his/her medication with you on the day of the procedure
6. Dress the child in comfortable clothing, preferably a short sleeve shirt. Younger child will occasionally become relaxed enough to lose bladder control. **You may want to consider a diaper, pull up, or a change of clothes.**
7. Children require extra care during transportation home from their appointment. **It is high recommended that two adults accompany the child so the driver do not have to the attend the patient in transit home.**
8. After your child's dental surgery, wait until the next day before allowing him/her to engage in any activity which a decrease in alertness, judgement, or coordinator could cause a problem.
9. After surgery, your child may take pain medication as directed by the surgeon.
10. Please bring appropriate guardianship paperwork, if necessary

I have read the above instructions, they are clear to me, and I agree to comply:

SAS Deposit Form

Special Anesthesia Services requires a 25% non-refundable deposit from all patients. This is typically due 3 weeks in advance, however, many times a pediatric patient is not scheduled three weeks in advance. In that case, a deposit is due as soon as possible before the scheduled sedation appointment.

Deposit will be returned if the patient is not medically cleared for Office Based Anesthesia.

Special Anesthesia Services agrees, in consideration of payment of the non-refundable deposit to subtract the deposit from the **total amount due at the time of service.**

The standard fees for Office Based Anesthesia are based on an estimate of time. The estimate will come from your child's dentist and the fees for our services will be based off that estimate. If the procedure were to take longer than the estimate, the fees for the service will go up or if the procedure were to take less time, the fees for the services will be less.

Time Estimate	Standard Fees	Deposit Amount	Time Estimate	Standard Fees	Deposit Amount
30 minutes	\$497	\$125	2 hours 30 minutes	\$1065	\$266
45 minutes	\$568	\$142	2 hours 45 minutes	\$1136	\$284
1 hour	\$639	\$160	3 hours	\$1207	\$302
1 hour 15 minutes	\$710	\$178	3 hours 15 minutes	\$1278	\$320
1 hour 30 minutes	\$781	\$195	3 hours 30 minutes	\$1349	\$337
1 hour 45 minutes	\$852	\$213	3 hours 45 minutes	\$1420	\$355
2 hours	\$923	\$230	4 hours	\$1491	\$373

Please sign this form stating that you understand the above information and that the deposit is non-refundable, except in patients who are not medically cleared for Office Based Anesthesia.
